CCH, ISSI, PARTNER FOR EXEMPTION CERTIFICATE MANAGEMENT AUTOMATION

(RIVERWOODS, ILL. and HUDSON, OHIO, July 9, 2007) – CCH, a Wolters Kluwer business and a leading provider of tax, audit and accounting information software and services, has entered into an exclusive remarketing partnership with Imaging Science and Services Inc. (ISSI), whereby CCH will be the exclusive worldwide reseller of ISSI's Exemption Certificate Management software and services (CCHGroup.com).

This partnership will provide CCH clients with state-of-the-art solutions that automate the capture, organization and management of sales tax exemption and resale certificates. *TEAMSEXPRESS® on Demand* delivers a Sarbanes-Oxley Compliant, SAS70/Level 2 hosted solution for capturing, indexing and managing a company's entire database of tax documents. *LineLinkXL™* is a patent pending Microsoft Excel® compatible add-in that turns a simple spreadsheet into a document organizer on the desktop that helps streamline the audit response process.

"With these new solutions from ISSI, CCH customers can eliminate errors in exemption certificate management and handling," said Bruce Krumlauf, CCH product manager. "They'll be able to put themselves in control in audit situations, lessen fines and penalties and reduce the cash reserves set aside for potential sales tax audits."

"ISSI solutions are a good fit with CCH's innovative sales and use tax software such as *CertiTAX* and *ZIPSales*," said Phil Hodge, CEO of ISSI. "Together, we can bring big-company exemption certificate automation to the small and medium enterprise (SME) market."

"ISSI has a proven track record of delivering superior quality products and services to demanding, quality-conscious companies," Krumlauf noted. "Our agreement with ISSI aligns perfectly with our goal of reducing our customers' compliance burden."
