Respond to Sales Tax Audits with Less Pain, Greater Speed and Professionalism with LineLinkXL™ Software from Imaging Science and Services, Inc.

ISSI Simplifies Sales Tax Exemption Certificate Collection and Organization with the 3.0 Release of LineLinkXL™

Cleveland, Ohio, February 26, 2007 – Responding to a tax audit is a painful and tedious task especially when important documents are buried in a variety of electronic databases. LineLinkXL™, version 3.0, (<http://www.issimage.com/linelink.htm>) just released by Imaging Science and Services, Inc., takes the sting out of audit response while helping businesses find, collect and deliver the correct set of documents quickly and professionally—no matter where they reside. Businesses large and small can organize and link documents at a cost significantly lower than the cost of comparable functionality in many expensive, enterprise document management systems using LineLinkXL™.

LineLinkXL™ is a patent pending, Microsoft Excel compatible add-in that turns a simple spreadsheet into a document organizer on the desktop. LineLinkXL™ can access, organize and link documents in any SQL-compliant database or system without violating any security protocols. With version 3.0, accountants, clerks and even auditors can now access financial documents in virtually any system such as Microsoft Access, Microsoft SQL Server, Oracle, SAP and others. Of course, LineLinkXL™ works seamlessly with ISSI's flagship TEAMS Express® product line which delivers web-enabled tax certificate management and compliance software solutions on demand over the web.

For companies that need the speed and accuracy that only LineLinkXL™ provides but don't have the time or staff to handle the task in-house, ISSI's Audit Support Services provides an affordable, outsourced alternative. Using both LineLinkXL™ and TEAMS Express on Demand, trained ISSI staff quickly and accurately fulfill document requests from auditors that can be e-mailed or delivered on disc.

Gathering important financial documents, like sales tax exemption certificates, from any database, content management or financial planning system is affordable and as simple as using a spreadsheet with LineLinkXL™.

About ISSI

ISSI is headquartered in Hudson, Ohio and has specialized in complex, business critical document management services and tax compliance software since 1994. ISSI has reduced the risk and cost of sales tax compliance with blended solutions of technology, services and knowledge transfer for hundreds of companies in the manufacturing, telecommunications, utilities, retail, healthcare and financial services industries.

For more information please call (330) 342-7760 or visit the company on the web at www.issimage.com.
